### **INDEPENDENT AUDITOR'S REPORT**

**To the Members of Kineco Limited**

#### **Report on the Audit of the Consolidated Financial Statements**

##### **Opinion**

We have audited the accompanying consolidated financial statements of Kineco Limited ("the Company"), its subsidiaries and joint venture company (the Company, its subsidiaries and joint venture Company together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

##### **Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

## **Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Holding Company's Board of Directors is responsible for the preparation of the other information. The other information obtained at the date of this Auditor's Report comprises the information included in the Director's Report, but does not include the consolidated financial statements and our Auditor's Report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Management's Responsibility for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

## **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Other Matters**

We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets of Rs. 6,678.12 lakhs as at 31 March 2022, total revenues of Rs. 5,409.88 lakhs and net cash inflows amounting to Rs. 383.22 lakhs for the year ended on that date, and one joint venture company whose financial statements reflect loss of Rs. 124.61 lakhs as considered in the consolidated Ind AS financial statements. These financial statements have been audited by other auditors whose report has been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture company and our report in terms of Section 143 (3) of the Act, in so far as it relates to the aforesaid subsidiaries and joint venture company is based solely on the report of the other auditors.

Our opinion above on the consolidated Ind AS financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditor.

### **Report on Other Legal and Regulatory Requirements**

1. As required by clause (xxi) of the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we report the following qualifications or adverse remarks by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the consolidated financial statements.

Name of the Company		Clause no.	Remarks
Kineco Composites Private Limited	Exel India	(xvii)	The Company has incurred cash losses during the financial year amounting to Rs. 81.42 lakhs, this being the first year of operations.

2. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept by the Company as far as it appears from our examination of those books and the reports of the other auditors.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2022 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary and joint venture companies, none of the directors of the Group companies is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of Section 197 of the Act. On the basis of reports of the statutory auditors of the subsidiaries and joint venture company, being private companies, the provisions of Section 197 of the Act related to managerial remuneration are not applicable.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and joint venture, as noted in the 'Other matter' paragraph:
  - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.

- ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.
- iv. In respect of the Holding Company and on the basis of reports of the statutory auditors of the subsidiaries and joint venture company, we report that:
- (a) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures that has been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Holding Company, its subsidiaries and joint venture company have not proposed, declared or paid any interim or final dividend during the year.

## **Annexure A - Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (With A.A.N)**

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Kineco Limited (hereinafter referred to as the “Holding Company”), its subsidiary companies and joint venture company (the Holding Company, its subsidiaries and joint venture company together referred to as the “Group”).

### **Management’s Responsibility for Internal Financial Controls**

The respective Boards of Directors of the Holding Company and its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiary companies, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies, in terms of their reports referred to in the Other

Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company and its subsidiary companies.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Parent and its subsidiary companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

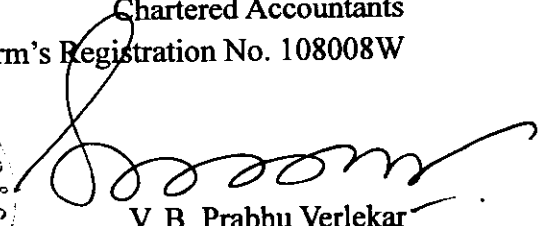

**Other Matters**

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to two subsidiary companies and one joint venture company is based solely on the corresponding reports of the auditors of such companies. Our opinion is not modified in respect of the above matters.

## 1 Company information

Kineco Limited (the "Company") is a public limited company incorporated on October 10, 1994 under the name and style "Mass Kinematics Pvt. Ltd," a private limited company. On 10th January, 2001 the name of the company was changed from Mass Kinematics Private Limited to Kineco Private Limited and thereafter it has converted from Private Limited Company to a Public Company on 23rd March, 2016. Kineco Limited having its registered office and works at plot no.41 – Pilerne Industrial Estate, Pilerne, Bardez – Goa 403511 is a multi-dimensional composite producer having state-of-the-art manufacturing facilities (ISO9001-2008 & AS9100 certified) at Goa, India. Kineco Limited offers a wide spectrum of composites for Aerospace, Defense, Railways, Automotive, Motorsport, Telecommunication & Chemical Industries.

Kineco Limited together with its subsidiaries is hereinafter referred to as "the Group".

Kineco had formed a joint venture company with Alte, Spain for rail car interiors/exterior and toilet modules/systems called "Kineco Alte Train Technologies Private Limited", and is currently holding 89.66% stake in the entity. Further, Kineco also formed joint venture company with Kaman Aerospace Group (subsidiary of Kaman Corporation, USA) called "Kineco Kaman Composites India Private Limited", and is currently holding 51% stake in the entity to which the existing advance composite division "aerospace business" was transferred. Both these companies comprise subsidiaries of Kineco Limited.

In 2015 Indo National Limited, a listed company through its subsidiary company Helios Strategic Systems Limited acquired 51% controlling stake in Kineco Limited. Accordingly Kineco Limited is subsidiary of Helios Strategic Systems Limited and the ultimate holding company is Indo National Limited.

The Group's consolidated financial statements are approved for issue by the Board of Directors on June 18, 2021.

The outbreak of Coronavirus disease (COVID-19) pandemic globally and in India has caused significant disturbance and slowdown of economic activity. The operations of the Company were impacted due to nationwide lockdown ordered by the Government of India from March 23, 2020. The Company resumed its operations from April 15, 2020 onwards. The management has considered the possible effects that may result from the pandemic on the Company's operations during the year, particularly in the first 15 days of the year and also subsequently thereafter, including the impact on carrying amount of receivables, inventories and the Company's ability to fulfill existing loan obligations and sourcing of materials. Based on the current indicators of future economic conditions, the management expects to recover the carrying amount of these assets and that there would be sufficient cash flows for repayment of loans. However, the management continues to closely monitor any material changes to future economic conditions.

## 2 Significant accounting policies

### a Statement of compliance

The financial statements of the Group have been prepared in accordance with the Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act"), Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

### b Basis of preparation

The financial statements of the Group have been prepared on a going concern basis under historical cost convention and on an accrual method except for certain financial assets and liabilities (including derivative instruments) that are measured at fair value as required by the relevant Ind AS. Accounting policies have been consistently applied, except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

### c Basis of consolidation

The financial statements of the Group companies are consolidated on a line-by-line basis and intra-group balances and transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests, which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Group, are excluded.

### d Functional and Presentation Currency

The financial statements are prepared in Indian Rupees, which is the Group's presentation and the functional currency. All financial information presented in Indian Rupees has been rounded off to the nearest lakhs with two decimals, unless otherwise stated.

### e Operating Cycle

All assets and liabilities have been classified as current and non-current having regard to the Group's normal operating cycle and other criteria set out in the schedule III to the Companies Act, 2013 and Ind AS-1- "Presentation of Financial Statements".

### f Use of estimates and judgements

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) as of the date of financial statements and the reported amounts of income and expenses for the years presented. Actual results could differ from these estimates under different assumptions and conditions.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in the future periods affected.

Key source of estimation of uncertainty at the date of financial statements, which may cause a material adjustment to the carrying amount of assets and liabilities within the next financial year are:

#### i) Useful lives of property, plant and equipment and intangible assets:

The Group reviews the useful lives of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation or amortisation expense in future periods.

#### ii) Valuation of deferred tax assets:

The Group reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy for the same has been explained under Note 2 (o) below.

#### iii) Actuarial Valuation:

The determination of Group's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in Other Comprehensive Income. Such valuation depends upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in the notes to the financial statements.

## Notes forming part of the consolidated financial statements as at and for the year ended March 31, 2022

iv) **Provisions and Contingent Liabilities:**

The policy for the same has been explained under Note 2 (n) below.

g **Property, plant and equipment**

Property, plant and equipment are carried at acquisition cost (net of refundable taxes - primarily input credit relating to Central Excise, State VAT and Goods and Service Tax) less accumulated depreciation and impairment losses, if any. Cost of property, plant and equipment include purchase price, expenses incidental to making the assets ready for its intended use, attributable borrowing costs and net of any trade discounts and rebates. Subsequent expenditure on property, plant and equipment, after its purchase / completion, is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance. Property, plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Depreciation on property, plant and equipment is provided on a pro-rata basis using the straight line method as per the useful lives prescribed in Schedule II to the Companies Act, 2013.

All items of property, plant and equipment costing less than Rs. 5,000 each are fully depreciated in the year of acquisition.

**Capital work in progress**

Projects under which assets are not ready for their intended use and other capital work in progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest, if any.

h **Intangible assets**

Intangible assets are stated at cost less accumulated amortisation and impairment losses, if any. Computer software licenses are amortised over their estimated useful life on a straight line basis.

i **Impairment of property, plant and equipment and intangible assets**

The carrying value of property, plant and equipment and intangible assets is reviewed at each Balance Sheet date for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased such reversal of impairment loss is recognised in the Statement of Profit and Loss.

j **Leases**

Rentals payable towards leases of land under an operating lease arrangement, where risk and rewards incidental to ownership of an asset substantially vest with the lessor are charged to the Statement of Profit and Loss on a straight-line basis over the period of the relevant lease.

**Group as a Lessee:**

The Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Group recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception comprises of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, adopts either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Group is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Group recognises the amount of the re-measurement of lease liability as an adjustment to the right-of-use asset. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognises any remaining amount of the re-measurement in statement of profit and loss.

The Group has elected not to apply the requirements of Ind AS 116 to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

k **Inventories**

Inventories are valued at the lower of cost (on weighted average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to the point of sale including octroi and other levies, transit insurance and receiving charges. Finished goods and work in progress include apportionment of overheads. Net realisable value is the estimated selling price less estimated costs for completion and sale.

## Notes forming part of the consolidated financial statements as at and for the year ended March 31, 2022

**l Statement of cash flows**

Statement of cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

**Cash and cash equivalents:**

Cash and bank balances, which have original maturities up to three months, are included in the Group's cash balances in the Statement of cash flows. The Group did not have any cash equivalents as at March 31, 2022 and March 31, 2021.

**m Provisions, contingent liabilities and contingent assets**

A provision is recognised when the Group has a present obligation (legal or constructive) as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are recognised at the best estimate of the expenditure required to settle the present obligation at the balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, when appropriate, the risks specific to the liability. The increase in the provision due to the passage of time is recognised as a finance cost. Provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimate.

Provisions for the expected cost of warranty obligations under the terms of contract with the customers are recognised at the managements best estimate of the expenditure required to settle the warranty obligation.

A contingent liability is disclosed in case of present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation and a present obligation arising from past events, when no reliable estimate is possible.

Contingent assets are disclosed when an inflow of economic benefits is probable.

**n Revenue recognition**

Revenue is measured based on the consideration specified in a contract with a customer. The group recognises revenue when it transfers control over a product or service to a customer. Revenue is recognised either at a point in time or over time, when (or as) the Group satisfies performance obligations by transferring the promised goods and services to its customers.

The Group recognises unearned revenue (i.e. contract liabilities) for consideration received in respect of unsatisfied performance obligations and reports these amounts as other liabilities in the Balance Sheet. Similarly, if the Group satisfies a performance obligation before it receives the consideration, the Group recognises as unbilled revenue (i.e. contract assets) in its Balance Sheet, depending on whether something other than the passage of time is required before the consideration is due.

The Group presents revenues net of indirect taxes in its Statement of Profit and loss.

**o Taxes on income**

Tax expenses for the year, comprising of current tax and deferred tax, are included in the determination of net profit or loss for the period.

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the prevailing tax laws and includes any adjustment to tax payable in respect of previous years. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax is provided / recognised using the balance sheet method, on all deductible temporary differences at the reporting date between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes, on carry forward of unused tax credit and unused tax losses. Deferred tax assets and liabilities are measured using tax rates that are substantively enacted at the balance sheet date. At each balance sheet date the Group evaluates the carrying amount of deferred tax assets and reduces the value of such deferred tax assets to the extent it is no longer probable that sufficient taxable profit will be available to allow all or a part of deferred tax asset to be utilised/ recovered.

Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing tax laws and the Group intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

**p Foreign currency transactions and translations**

Transactions in currencies other than the functional currency are translated into functional currency at the exchange rates prevailing on the date of the transaction or at rates that closely approximates the rate at the date of the transaction. Monetary items denominated in other currencies outstanding at the reporting date are translated into functional currency at the year end rates. Non-monetary items denominated in other currencies and that are measured in terms of historical cost are translated at the exchange rates prevailing on the dates on which such values are determined. Exchange differences arising on restatement or settlement of foreign currency transactions is charged to the Statement of Profit and Loss.

**q Borrowings and borrowing costs**

The Group borrows funds in Indian Rupees. These borrowings carry a fixed rate or floating rate of interest. The liabilities are initially measured at the amount borrowed and subsequently stated at the outstanding amounts. Interest accrued but not due which is in the nature of current liability is classified as part of 'Other current financial liabilities'. Amount outstanding in respect of foreign currency borrowings are stated at the exchange rate at the Balance Sheet date.

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

All other borrowing costs are recognised in the Statement of Profit and Loss in the period in which they are incurred.

Borrowing costs include interest expense as per Effective Interest Rate (EIR). The borrowing costs in respect of foreign currency borrowings are adjusted for exchange differences, to the extent they are regarded as an adjustment to the interest cost.

## Notes forming part of the consolidated financial statements as at and for the year ended March 31, 2022

**r Earning per share**

Basic earnings per share is computed by dividing the profit / (loss) after tax attributable to equity shareholders by the weighted average number of equity shares in issue during the year.

The weighted average number of ordinary shares in issue during the year are adjusted for events that have changed the number of ordinary shares in issue without a corresponding change in recoveries.

**s Employee benefits****i) Short term**

Short term employee benefits include salaries, allowances and performance incentives. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by the employees are recognised as an expense in the Statement of Profit and Loss during the year when the employees render the service to the Group.

**ii) Long term**

The Group has defined contribution and defined benefit plans. The plans are financed by the Group and in the case of some defined contribution plans by the Group along with its employees.

**Defined contribution plans**

The Group's contribution to provident fund and family pension fund made to regulatory authorities and where the Group has no further obligation are considered as defined contribution plans and are charged as an expense in the Statement of Profit and Loss as they fall due based on the amount of contribution required to be made.

**Defined benefit plans**

Expenses for defined-benefit gratuity plans are calculated as at the balance sheet date by independent actuaries (using the projected unit credit method) in a manner that distributes expenses over the employee's working life. These commitments are valued at the present value of the expected future payments, with consideration for calculated future salary increases, using a discount rate corresponding to the interest rate estimated by the actuary having regard to the interest rate on government bonds with a remaining term that is almost equivalent to the average balance working period of employees. Actuarial gains/losses are recognised, in full in the other comprehensive income in the year in which they arise.

**Other employee benefits**

Compensated absences which accrue to employees and which can be carried to future periods but are expected to be encashed or availed in twelve months immediately following the year end are reported as expenses during the year in which the employees perform the services that the benefit covers and the liabilities are reported at the undiscounted amount of the benefits after deducting amounts already paid. Where there are restrictions on ailment of encashment of such accrued benefit or where the ailment or encashment is otherwise not expected to wholly occur in the next twelve months, the liability on account of the benefit is actuarially determined using the projected unit credit method.

**t Financial Instruments**

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value through Profit or Loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value through Profit or Loss are recognised immediately in the Statement of Profit and Loss.

**i) Financial assets****Financial assets at amortised cost**

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amounts outstanding.

**Financial assets as fair value through other comprehensive income (FVTOCI)**

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group has elected to present subsequent changes in fair value in other comprehensive income in case of investments based on its business model.

**Financial assets at fair value through profit or loss (FVTPL)**

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. Gains or losses arising on remeasurement are recognised in the Statement of Profit or Loss.

**Impairment of financial assets**

The Group recognises loss allowance using the Expected Credit Loss (ECL) model for the financial assets which are not valued through profit or loss. Loss allowance for all financial assets is measured at an amount equal to 12 months expected credit losses or lifetime Expected Credit Loss. The Group had used practical expedient by computing expected credit loss allowance for trade receivable by taking into consideration historical credit loss experience and adjusted for forward looking information. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised as an impairment gain or loss in the Statement of Profit and Loss.

**Derecognition of financial assets**

The Group derecognises a financial asset when (i) the contractual rights to receive cash flows from the asset expire, or (ii) the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement; and (a) the Group has transferred substantially all the risks and rewards of ownership of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset. On derecognition of the financial asset in its entirety, the difference between the assets carrying amount measured at the date of derecognition and the consideration received is recognised in the Statement of Profit and Loss.

Notes forming part of the consolidated financial statements as at and for the year ended March 31, 2022

ii) **Financial liabilities and equity instruments**

**Classification as debt or equity**

Debt and equity instruments issued by the Group are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net off direct issue costs.

**Financial Liabilities**

All financial liabilities that are not held-for-trading and are not designated as at FVTPL are subsequently measured at amortised cost using the effective interest method. The interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item.

**Derecognition of financial liabilities**

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange between with a lender or debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the Statement of Profit and Loss.

**Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is current enforceable legal right to offset the recognised amounts and it is intended to either settle on a net basis or to realise the assets and settle the liabilities simultaneously.

iii) **Derivative financial instruments**

The Group enters into derivative financial instruments in the nature of forward exchange contracts to manage its exposure to foreign exchange rate risks on unexecuted firm commitments and highly probable forecast transactions. Such derivative financial instruments are marked to market and gain/ loss on such contracts is recognised in the Statement of Profit and Loss at the end of each reporting period. The derivatives are carried as financial assets when the fair value is positive and financial liabilities when the fair value is negative.

u **Government grants**

Government grants are recognised where there is reasonable assurance that the grant will be received and the Group will comply with the conditions attached to them.

Where the grant relates to an asset the cost of the asset is shown at gross value and grant thereon is treated as capital grant which is recognised as income in the Statement of Profit and Loss over the period and in proportion in which depreciation is charged.

Revenue grants are recognised in the Statement of Profit and Loss in the same period as the related cost which they are intended to compensate are accounted for.

v **Recent pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 23, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, applicable from April 1, 2022, as below:

**Ind AS 103 – Reference to Conceptual Framework**

The amendments specify that to qualify for recognition as part of applying the acquisition method, the identifiable assets acquired and liabilities assumed must meet the definitions of assets and liabilities in the Conceptual Framework for Financial Reporting under Indian Accounting Standards (Conceptual Framework) issued by the Institute of Chartered Accountants of India at the acquisition date. These changes do not significantly change the requirements of Ind AS 103. The Company does not expect the amendment to have any significant impact in its financial statements.

**Ind AS 16 – Proceeds before intended use**

The amendments mainly prohibit an entity from deducting from the cost of property, plant and equipment amounts received from selling items produced while the company is preparing the asset for its intended use. Instead, an entity will recognise such sales proceeds and related cost in profit or loss. The Company does not expect the amendments to have any impact in its recognition of its property, plant and equipment in its financial statements.

**Ind AS 37 – Onerous Contracts - Costs of Fulfilling a Contract**

The amendments specify that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts. The amendment is essentially a clarification and the Company does not expect the amendment to have any significant impact in its financial statements.

**Ind AS 109 – Annual Improvements to Ind AS (2021)**

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company does not expect the amendment to have any significant impact in its financial statements.

**Ind AS 106 – Annual Improvements to Ind AS (2021)**

The amendments remove the illustration of the reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives were described in that illustration. The Company does not expect the amendment to have any significant impact in its financial statements.

Helios Strategic Systems Ltd	31,94,153	51%	31,94,153	51%

**c. Rights, preferences and restrictions attached to equity shares:**

The Company has 62,64,183 issued, Subscribed & Paid up equity shares having a par value of Rs.10/- per share. Each holder of equity share is entitled to one vote per share held. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company after settlement of all preferential amounts. The distribution will be in proportion to equity shares held by the shareholders. The Dividend proposed by Board of Directors is subject to approval of shareholders at the ensuing Annual General Meeting except in case of interim dividend.

**d. Details of shareholders holding more than 5% shares**

Particulars	March 31, 2022		March 31, 2021	
	Number of Shares	% holding	Number of Shares	% holding
Shekhar Sardesai	25,58,605	41%	25,58,605	41%
Helios Strategic Systems Ltd	31,94,153	51%	31,94,153	51%

In 2015, the company entered into shareholders agreement with the promoter, Mr. Shekhar Sardesai and Helios Strategic Systems Ltd, wherein it was agreed to conduct the operations of the company as a joint venture between the Promoter and Helios, and to jointly manage and grow the Company.

**d. Preference Shares**

The Company has issued 8,00,000 1% Cumulative Optionally Convertible Preference Shares of Rs. 100/- each. The terms of contract require contractual payments in cash at the time of redemption at premium and 1% dividend on cumulative basis. The management is of the view that the equity component of these preference shares is 'NIL' since the returns to be paid on these instruments are equivalent to the prevalent rate on borrowings and hence the entire amount is considered under non current borrowings as liability component.

From Mr Shekhar Sardesai (see footnote g below)	75.00	75.00
<b>Total</b>	<b>5,100.13</b>	<b>5,014.23</b>

**Footnotes:**

a. Working Capital Term Loans from Banks are Secured by hypothecation of stocks of Raw Material, Stock in Process, Finished goods, Consumables and book-debts and all other current assets. Secured by mortgage of land and building and movable assets at plot no. 34, 35, 36, 41, 42, 43 and 61A. Extension of charge over remaining fixed assets. Also secured by personal guarantee of Shekhar Sardesai and Ultimate Holding Company, Indo National Limited.

b. Vehicle loan from Daimler Financial Services India Private Limited is a secured facility with exquisite first charge on the vehicle financed from this facility. The loan carries an interest rate of 10.75% per annum and is repayable in 36 equated monthly instalments of Rs. 1.20 lakhs each, the last instalment payable in October 2022, after which the vehicle will be sold to the financier at an amount of Rs. 32.32 lakhs.

c. The FCNR term loan carries an interest rate of 4.20% to 5.27% (Previous year 4.20% to 6.42%). This facility is secured by equitable mortgage of factory land and building and hypothecation charge on the entire plant and machinery and other movable and immovable assets and on the inventories and receivables of the Company. The loan is repayable in 78 monthly instalments of Rs. 12.80 lakhs each and last instalment of Rs. 14.40 lakhs, the first instalment payable in September 2019 the last instalment payable in February 2026.

**d. Reconciliation of preference shares and amounts outstanding:**

Particulars	March 31, 2022		March 31, 2021	
	Number of Shares	Rupees in lakhs	Number of Shares	Rupees in lakhs
At the beginning of the year	80,00,000	800.00	80,00,000	800.00
Add: Issued during the year	-	-	-	-
At the end of the year	80,00,000	800.00	80,00,000	800.00

**e. Rights, preferences and restrictions attached to shares:**

The Company had issued 8,00,000 1% Cumulative Optionally Convertible Preference Shares of Rs. 100/- each at par for the financial year 2017 - 2018. The terms of contract require contractual payments in cash at the time of redemption at premium and 1% dividend on cumulative basis. The shares are cumulative, non-participating and optionally convertible with the conversion option being triggered if and upon the Company defaulting on redemption of the shares.

**f. Details of shareholders holding more than 5% shares**

Particulars	March 31, 2022		March 31, 2021	
	Number of Shares	% holding	Number of Shares	% holding
Helios Strategic Systems Limited	80,00,000	100%	80,00,000	100%

g. Unsecured loan have been classified under non current borrowing based on renewal terms entered into with the lenders.

The Company's current contract with customers for sale of Composite structures can be classified as (i) Manufacture and sale of parts as such and (ii) Manufacture and sale of parts on job work basis (iii) Sales of Services

**Manufacture and sale of parts:** Each deliverable part is considered as a separate performance obligation in itself and has a clearly identifiable transaction value. In this case, the customer representative normally inspects and approves the part for despatch. This part is a specific part manufactured as per the design provided by the customer, such acceptance is considered to be indicative of the customer having obtained the ability to direct the use of and obtain substantially all of the remaining benefits from the part. The contract with the customers provides the part to be delivered to its specified location and hence the revenue is recognised once the parts are placed with the carrier at the origin destination.

Payments for these parts are received in accordance with the contract with the customer, which includes certain advance amount in some cases and balance payments on delivery of the parts as per the agreed credit terms. As the advance gets adjusted within the normal operating cycle of 12 months, the advance received is not considered to be towards a significant financing arrangement requiring adjustment to the transaction price.

**Manufacture and sale of parts of job work basis:** Each deliverable part is considered as a separate performance obligation in itself and has a clearly identifiable transaction value. The tools and the raw materials required for the manufacture of these parts are provided by the customer free of charge. Though the physical control of these tools and raw material is with the Company, the customer directs their use and are returnable on completion of the job work process. Further these tools and raw material are specific to the deliverable part of the customer and cannot be used for any other purpose and hence these are not considered to have any effect on the transaction price from the non cash consideration perspective. The contract with the customers provides the part to be delivered on FOR basis and hence the revenue is recognised once the parts are delivered to the customers premises.

**Sale of services:** Each installation and commissioning contract is considered as a separate performance obligation in itself and has a clearly identifiable transaction value. The customer representative normally inspects and approves the installed components and provides the installation completion certificate. On approval the revenue is recognised.

Payments for these services are received in accordance with the terms agreed in the contract with the customer.

<u>Sale</u>		
Manufacture and sale of parts as such	19,462.85	13,780.12

## 39 Financial Instruments

i. Financial risk management objective and policies

This section gives an overview of the significance of financial instruments for the Company and provides additional information on the balance sheet. Details of significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset and financial liability are disclosed in Note 2(t).

ii. Financial assets and liabilities:

The accounting classification of each category of financial instruments, and their carrying amounts and fair values, are set out below:

Rupees in lakhs				
Financial Assets	Fair value through profit or loss	Fair value through other comprehensive income	Amortised cost	Total carrying value
<b>As at 31st March 2021</b>

Other current financial liabilities	-	-	74.92	74.92
<b>Total</b>	-	-	13,889.03	13,889.03

iii. Fair value hierarchy

The table shown below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined below:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices)

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs)

Rupees in lakhs		
	As at March 31, 2022	As at March 31, 2021
<b>Financial assets - at fair value through other comprehensive income:</b>		
Non-Current Investments (other than equity instruments of subsidiaries)	0.56	0.37
<b>Total</b>	0.56	0.37

iv Risk management frameworka) Risk management

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. These risks include market risk, credit risk and liquidity risk. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risk and adherence to limits. The risk management process is regularly reviewed by the Company's board of directors.

KINECO LIMITED  
PLOT NO. 41  
BHEEM NAGAR, ESTABLISHED

## Kineco Limited

Notes forming part of the financial statements as at and for the year ended March 31, 2022

b) Treasury management

The Company's treasury function provides services to the business, co-ordinates access to financial markets, monitors and manages the financial risks relating to the operations of the Company through internal reports which analyses exposures by degree and magnitude of risks. These risks include market risk (currency risk and interest rate risk), credit risk, liquidity risk and cash flow interest rate risk.

c) Market Risk

The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rate and interest rates.

d) Credit Risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments. The Company's customers include government bodies/ public sector undertakings as well as private companies. The credit worthiness of the customers is evaluated based on publicly available information and the Company's historical experiences.

Credit period varies as per the contractual terms with the customers. No interest is generally charged on overdue trade receivables. Exposures to customers outstanding at the end of each reporting period are reviewed to determine incurred and expected credit losses and the Company establishes an allowance for doubtful debts and impairment that represents its estimate of expected losses in respect of trade receivables.

e) Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages liquidity risk by continuously monitoring of forecasts and actual cash flows and by matching the maturity timelines of the financial assets and liabilities and utilising the its borrowing facilities appropriately to meet its financial obligations.

The following table provides the details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

Trade payables	3,465.14	-	3,465.14
Other financial liabilities	98.21	114.36	212.57

v) Capital management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the Company. The Company strives to safeguard its ability to continue as a going concern so that they can maximise returns for the shareholders and benefits for other stake holders. The Company aims to maintain an optimal capital structure through combination of debt and equity in a manner so as to minimise the cost of capital.

The Company monitors its capital using Gearing Ratio, Net Debt (Short Term and Long Term Borrowings including Current maturities) divided by Total Equity (Capital plus net debt).

	Amounts in lakhs	
	As at March 31, 2022	As at March 31, 2021
Long term borrowings (Refer note 20)	5,100.13	5,014.23
Short term borrowings (Refer note 24)	4,359.31	4,999.80
Current maturities of long term debt (Refer note 26)	1,074.44	1,726.08
Net debt	10,533.87	11,740.11
Total equity	5,552.08	4,930.34
Total capital	16,085.95	16,670.45
Gearing ratio	65%	70%

## Notes forming part of the financial statements as at and for the year ended March 31, 2022

## 40 Contingent liabilities

- (i) Bank Guarantees issued by the bank on behalf of the Company Rs. 1,850.65 lakhs (Previous year: Rs. 1,743.65 lakhs)
- (ii) Letter of Credit issued by the bank on behalf of the Company: Rs. 211.84 lakhs (Previous year: Rs. 388.99 lakhs)
- (iii) Claims against the Company for pending cases Rs. NIL (Previous year Rs. NIL)
- (iv) Corporate Guarantee on behalf of Joint venture Rs. 500.00 lakhs (Previous year Rs. NIL)
- (v) The Company has imported capital goods/ raw materials under the Export Promotion Capital Goods Scheme ("EPCG Scheme") / Advance licence ("Advance Licence scheme") and executed bonds aggregating Rs. 367.00 lakhs (March 31, 2021 Rs. 367.00 lakhs) in favour of Customs authorities. The Company is liable to pay the whole of the customs duty saved on such imported goods, along with interest at 18% per annum from the date of clearance of goods till the date of payment of duty, if it fails to discharge its export obligations as prescribed under the Scheme. Under the Scheme, the Company has to earn foreign currency worth Rs. 922.62 lakhs (March 31, 2021 Rs. 4,246.36 lakhs) in aggregate. The obligations are to be fulfilled within a period of 1.5-6 years from the date of issue of import licences. Import licences have been issued at various points in time and the time limit of 1.5-6 years for licenses for which such obligation is pending to be fulfilled ended on May 05, 2022. As, at the year end, the balance export obligation is Rs. 696.61 lakhs (March 31, 2021 Rs. 1,597.60 lakhs) which is to be fulfilled by earning foreign exchange from Company's operations.

Based on its business plans the Company does not expect any additional liability to devolve in respect of the above and therefore no provision has been held in the accounts.

## 41 Commitments:

Estimated amount of contracts remaining to be executed on capital account: Rs. 1,165.33 lakhs (Previous year: Rs. 65.06 lakhs)

## 42 Trade receivable, loans and advances and trade payable balances are subject to confirmation, reconciliation and consequent adjustments, if any.

## 43 Leases

The Company has entered into long term lease agreements with Goa Industrial Development Corporation for use of Industrial Land. This use of land as per the agreements has been identified as the right of use assets:

## i. Right-of-use assets - Land

Particulars	Amount in lakhs
Right-of-use assets as of April 1, 2020 (date of transition) - Land	212.40
Add: Addition during the year	23.07
Less: amortised during the year	7.90
Right-of-use assets as of April 1, 2021 - Land	227.57
Add: Addition during the year	-
Less: amortised during the year	12.29
Balance as at March 31, 2022	215.28

## ii. Lease liabilities

Particulars	Amount in lakhs
Lease liabilities as of April 1, 2020 (date of transition)	125.53
Add: Addition during the year	4.76
Payment during the year	(10.46)
Lease liabilities as of April 1, 2021	119.83
Add: Interest on Lease liabilities	0.41
Less: Payment during the year	10.92
Balance as at March 31, 2022	109.32

## iii. Maturity analysis of lease liabilities

Particulars	Amount in lakhs Cash outflow undiscounted	
	March 31, 2022	March 31, 2021
a. Not later than one year	11.90	10.36
b. Later than one year and not later than five years	59.23	53.30
c. Later than five years	1,186.24	1,213.11
	1,257.37	1,276.77

- The lease term is for a definite period with no unconditional right with the Company to extend the lease period.
- The lease agreements provide for a 10% increase in lease rent every 3 years.
- The agreements provide for a subleasing of the leased land with prior approval of the lessor. However, the Company has not sub leased the right-of-use assets.
- The agreements provide for renewal option of the lease period. The option to be exercised within the time limit stipulated in the lease agreements. However, the renewal is at the discretion and subject to the approval of GIDC and hence to that extent conditional.
- The expenses relating to short term leases pertaining to leasing of equipments aggregated to Rs. 1.82 lakhs (Previous year Rs. 0.90 lakhs).

## 44 Employee benefits obligations:

## Defined contribution plans:

Contribution to Defined Contribution Plan, recognised as an expense and included under "Employee Benefits

Expenses" - Note 35 to the Statement of Profit and Loss are as under:

A sum of Rs. 103.54 lakhs (Previous year Rs. 88.41 lakhs) has been charged to the Statement of Profit and Loss towards contributions to provident and family pension fund.

Notes forming part of the financial statements as at and for the year ended March 31, 2022

**Defined benefit plans:**

The Company offers benefits under a defined-benefit plan in the form of a gratuity scheme to its eligible employees. The gratuity scheme covers substantially all regular employees. The plan provides for a lumpsum payment to its vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to fifteen days/ one month salary drawn at the time of the incident occasioning such payment, as applicable, payable for each completed year of service or part thereof in excess of six months. Vesting occurs up on completion of five years of service calculated as per the Payment of Gratuity Act, 1972.

The employees' gratuity fund scheme is managed by Life Insurance Corporation of India (LIC). The Company makes annual contributions to the plan. Commitments are actuarially determined at year-end. Actuarial valuation is based on "Projected Unit Credit" method.

Details of defined benefit plan - As per Actuarial valuation are as follows:

Particulars	Rupees in lakhs	
	March 31, 2022	March 31, 2021
<b>I Components of defined benefit cost</b>		
i Current service cost	37.10	39.39
ii Past service cost	-	-
iii Mortality charges and taxes	-	-
iv Interest cost on benefit obligation (net)	1.27	(1.29)
Total expense included in Statement of Profit and Loss (P&L)	38.37	38.10
v Actuarial loss/ (gain) arising from financial assumptions	(9.43)	0.67
vi Actuarial loss/ (gain) arising from experience adjustments	16.86	(31.56)
Total expense recognised in Other Comprehensive Income (OCI)	7.43	(30.89)
Total defined benefit cost recognised in P&L and OCI	45.80	7.22
<b>II Actual contribution and benefits payments for the year</b>		
i Actual contributions	1.19	22.49
ii Actual benefits payments	(2.76)	(12.72)
<b>III Changes in present value of obligation during the year</b>		
i Present value of defined benefit obligation as at the beginning of the year	248.80	240.12
ii Current service cost	37.10	39.39
iii Past service cost	-	-
iv Interest cost	16.27	15.32
v Benefits paid	(13.00)	(12.72)
vi Actuarial loss/ (gain) arising from financial assumptions	(3.72)	(4.69)
vi Actuarial loss/ (gain) arising from experience adjustments	9.69	(28.61)
vii Present value of defined benefit obligation as at the end of the year	295.13	248.80
<b>IV Changes in fair value of plan of assets during the year</b>		
i Fair value of plan of assets as at the beginning of the year	224.93	185.03
ii Interest income	14.93	13.08
iii Actual company contribution	1.91	41.96
iv Mortality charges and taxes	-	-
v Benefits paid	(7.88)	(12.72)
vi Return on plan of assets (excluding interest income)	(1.47)	(2.42)
vii Fair value of plan of assets as at the end of the year	232.42	224.93
<b>V Net asset/ (liability) recognised in the Balance Sheet</b>		
i Present value of defined benefit obligation	(295.13)	(248.80)
ii Fair value of plan of assets	232.42	224.93
iii Net asset/ (liability) recognised in the Balance Sheet	(62.71)	(23.87)
<b>VI Actuarial assumptions</b>		
i Discount rate	7.23%	6.84%
ii Expected return on plan of assets	6.84%	7.80%
iii Salary escalation rate	8.50%	8.50%
iv Mortality table used	Indian Assured Lives Mortality 2012-14 Ultimate table	Indian Assured Lives Mortality 2012-14 Ultimate table
v Withdrawal rates	10.00%	10.00%

In the absence of detailed information regarding Plan assets which is funded with Life Insurance Corporation of India, the composition of each major category of plan assets, the percentage or amount for each category to the fair value of plan assets has not been disclosed.

**VII Maturity profile of defined benefit obligation (rounded off to the nearest thousand)**

i Year 1	26.75	13.28
ii Year 2	15.89	19.32
iii Year 3	22.38	13.04
iv Year 4	33.80	18.74
v Year 5	28.41	30.86
vi Subsequent 5 years	127.26	112.82

The defined benefit plan is exposed to various actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

- i. **Investment risk** - All plan assets are maintained in a trust fund managed by a public sector insurer viz; LIC of India. LIC has a sovereign guarantee and has been providing consistent and competitive returns over the years. The Company has opted for a traditional fund wherein all assets are invested primarily in risk averse markets. The Company has no control over the management of funds but this option provides a high level of safety for the total corpus. A single account is maintained for both the investment and claim settlement and hence 100% liquidity is ensured. Also interest rate and inflation risk are taken care of.
- ii. **Discount rate risk** - The present value of the defined benefit obligation is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. Decrease in the bond rate will increase the plan liability; this will partially be offset by the increase in the interest on plan assets.
- iii. **Longevity risk** - The present value of the defined benefit obligation calculated by reference to the best estimate of the mortality of plan participants. An increase in the life expectancy of the plan participants will increase the plans liability.
- iv. **Salary risk** - The present value of the defined benefit obligation calculated by reference to the future salaries of the plan participants. An increase in the salary of the plan participants will increase the plan liability.

V Quantitative sensitivity analysis for significant assumptions is as below:

1% increase in discount rate	271.46	227.50
1% decrease in discount rate	322.58	273.64
1% increase in salary increment rate	318.41	271.43
1% decrease in salary increment rate	274.11	228.96

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The Company operates a leave encashment scheme, which is a unfunded scheme. The present value of obligation under this scheme is based on an actuarial valuation using the Projected Unit Credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

Details of defined benefit plan - As per Actuarial valuation are as follows:

Particulars	Rupees in lakhs	
	March 31, 2022	March 31, 2021
I Components of defined benefit cost		
i Current service cost	24.79	30.23
ii Past service cost	23.31	(26.34)
iii Mortality charges and taxes	-	-
iv Interest cost on benefit obligation (net)	5.12	5.40
Total expense included in Statement of Profit and Loss (P&L)	53.22	9.30
v Actuarial loss/ (gain) arising from financial assumptions	-	-
vi Actuarial loss/ (gain) arising from experience adjustments	-	-
Total expense recognised in Other Comprehensive Income (OCI)	-	-
Total defined benefit cost recognised in P&L and OCI	53.22	9.30

52 Development of Composite Technology, Products and Process Know-How:(i) Development of Composite Filament Winding Technology, products and process know-how

The Holding company has completed and commercialized a project for Research and Development in the field of filament Winding using advanced technology at an aggregate cost of Rs.227.18 lacs, in association with Indian Institute of Technology, Mumbai and Technology Information Forecasting Assessment Council, a body constituted by Govt. of India under Ministry of Science and Technology. Research and product development under this has been funded by TIFAC for Rs. 99.50 Lakhs. Out of Rs. 227.18 lac, Rs. 33.31 lacs was expensed on Building and Rs.134.71 lacs represent capital expenditure on Research, which is capitalized under appropriate assets heads. Balance Rs. 59.10 lacs represent expenditure on personnel, consultancy fees to IIT Mumbai and other consultant, premium payable to bridge TIFAC as per agreement, travelling, depreciation, interest on finance etc. These being incurred for "Development of Composite development process, are classified as Intangible Asset under Technology, Products and process Know-How".

(ii) Development of Composite Sky bus Coaches Technology, products and process know-how

The Holding company has completed R&D project for Development of composite sky bus coaches for Konkan Railway Corporation at an aggregate cost Rs. 186.47 lacs, in association with Indian Institute of Technology, Mumbai and TIFAC. TIFAC has committed financial assistance of Rs. 99.50 lacs of which Rs. 79.60 lacs has been disbursed till 31st March 2006. The Commercialisation of the sky bus Coaches Project for Konkan Railway Corporation is getting delayed due to decision of Konkan Railway to invite expression of interest from Private Enterprises for private participation in the project. However, during the year the Group has successfully leveraged this intangible asset in the form of Composite Technology, Products and Process Know-How Sky Bus Project. Using the technology developed under this project, the Group has manufactured and supplied substantial volume orders for seats, front end cab and interior train panelling for Indian Railways over the past 8 years.

(iii) The Development of Composite Technology, Products and Process Know-How for armature cores (for power plants), carbon fiber cycle frame and forks, Canisters for projectile launchers and Optical telescopic structures.

The Holding company has incurred capital expenditure for Research and Development of armature cores (for power plants), carbon fibre cycle frame and forks, Canisters for projectile launchers and Optical telescopic structures at an aggregate cost of Rs. 288.67 lacs. The Group has received initial commercial order from customers for products developed from this research and development efforts and expects revenues over years arising out of the same.

(iv) The Development of Composite Technology, Products and Process Know-How for Sonar Dome

The Holding company has incurred capital expenditure for Research and development of composites Sonar Dome for ships through R&DE(E),BEL at an aggregate cost of Rs.99.46 lacs. The company has received commercial order from R&DE(E), BEL orders for manufacture and supply of sonar domes from these domes from these research and development efforts and expects revenues over years arising out of the same.

(v) The Development of Composite Technology for fabrication of Composites Sonar Dome for P15A Class Ships

Kineco in coordination with R&DEE, Pune, DRDO, Ministry of Defense, Govt. of India developed a unique technology for fabrication of Composites Sonar Dome for P15A Class Ships by vacuum assisted resin transfer moulding technical know-how process and testing method for quality assurance. With this know how process Kineco have successfully manufactured SONAR DOME to DRDO. The Sonar Dome is a protective cover to sonar equipment of surface war ships. This technology will be utilised to manufacture sonar domes to MDL/INDIAN ARMED FORCES/BEL in consultation with DRDO. As per the TOT the license to utilise the technology for manufacture in India and supply for 10 years.

53 Kineco Limited has the following investments in subsidiaries

1. Kineco Allie Train Technologies Pvt Ltd wherein the company holds 16,21,787 ( as at March 31, 2021 16,21,787 )

## Notes forming part of the financial statements as at and for the year ended March 31, 2022

- fully paid up Equity shares of Rs. 10/- each
2. Kineco Kaman Composites India Pvt. Ltd wherein company holds 58,73,350 ( as at March 31, 2021 58,73,350)  
fully paid up Equity shares of Rs. 10/- each
  3. Kineco Kaman Composites India Pvt. Ltd wherein company holds 82,880 ( as at March 31, 2021 NIL)  
fully paid up Equity shares of Rs. 100/- each
- \* During the year Holding Company's shareholders at its Extraordinary General Meeting held on 30th September 2021, accorded their consent to sell/transfer the Pultrusion Assets of Kineco Ltd to a WOS of the Company.

On 13<sup>th</sup> October 2021, the Holding Company purchased 10 equity shares from the first shareholders of Kineco Exel Composites India Private Limited (KECI) at face value and upon renunciation of their rights by the first shareholders, subscribed to the Rights Issue offered by KECI at face value. The Holding Company was subsequently allotted 82,870 shares at face value, thereby making KECI a wholly-owned subsidiary.

Thereafter the Company transferred the said Pultrusion Assets (including Inventory, Non-Compete Fees & intangible Assets) to KECI on 13<sup>th</sup> October 2021 for a consideration of Rs.10.23 Crores.

On 14 October 2021 Kineco signed an agreement to establish a Joint Venture to develop the Indian pultrusion market together with Exel Composites Oyj, a Nasdaq Helsinki listed, globally recognized composites company. This Joint Venture will enable the Company to grow its Pultrusion Business, by leveraging global Pultrusion technology and market knowhow offered by Exel Composites Oyj, while making use of Kineco's existing local know-how and resources in the Indian market.

KECI offered 1,01,290 equity shares by a Preferential Issue on a Private Placement basis to Exel Composites OYJ at a price of Rs. 1,110 (Rs. 100 plus Rs. 1010 premium). Upon acceptance of the offer, KECI allotted 1,01,290 shares to Exel Composites OYJ, thereby making Exel Composites OYJ a holding company to KECI (holding 55% of the shareholding of KECI) and Kineco, an Associate Company (holding 45% shareholding of KECI). The Joint Venture – Kineco Exel Composites India Pvt Limited has envisioned that its long-term goal is to produce Pultrusion products and scale the business up by selling Pultrusion profiles across diverse segments.

- 54 With regard to the Supreme Court ruling on the applicability of provident fund on all fixed allowances payable to employees, the subsidiary Kineco Kaman Composites India Pvt. Ltd, has complied with the said ruling prospectively from the previous financial year. The subsidiary company has also assessed the shortfall in the employer contribution and employee deductions respectively for period prior to the ruling. However pending clarity on the matter with regard to the manner in which the shortfall is to be fulfilled, no provision is made in the books. Necessary provision will be made once the circular is issued / communication is received by the subsidiary Company from the Provident Fund Authorities.
- 55 With regard to the Supreme Court ruling on the applicability of provident fund on all fixed allowances payable to employees, the Holding Company has provided for the difference during the previous financial year. The Holding Company is in the process of assessing the shortfall in the employer contribution and employee deductions respectively for period prior to the ruling. However pending clarity on the matter with regard the manner in which the shortfall is to be fulfilled, no provision is made in the books. Necessary provision will be made once the circular is issued / communication is received by the Holding Company from the Provident Fund Authorities.
- 56 The Code on Social Security, 2020 and Code of wages, 2019 relating to employee benefits during employment and post employment benefits received Presidential assent in September 2020. The Codes have been published in the Gazette of India. However, the dates on which the Codes will come into effect has not been notified. The Company will assess the impact of the Codes when it comes into effect and will record any related impact in the period the Codes become effective.
- 57 Previous year figures have been regrouped and/or rearranged, wherever considered necessary to make their classification comparable with that of the current year.

## 58 Details of Ratios are as under:

	Ratios	2021-22	2020-21	% Variance	Reason for variance
i)	Current Ratio	1.56	1.36	14%	
ii)	Debt Service Coverage ratio	1.16	1.73	-33%	New term loans availed in the form of GECL from Canara and HDFC Bank in Kineco Limited are with 24 months moratorium and hence there is no current maturity for these loans.
iii)	Inventory Turnover Ratio	4.54	2.40	89%	Improvement in Revenue of FY 22 compare to FY 21 and constant monitoring of inventory levels, resulted in improved ratio
iv)	Trade Payable Turnover Ratio	3.68	1.85	99%	The business model with Railways is moving to Turnkey from Component business and the new suppliers are not extending the credit terms in line with suppliers who are associated with company for many years
v)	Net Profit Ratio	0.03	0.01	180%	Improvement in Revenue and profitability resulted in improved ratio
vi)	Return on Investment	0.03	0.01	225%	Improvement in Revenue and profitability resulted in improved ratio
vii)	Debt-Equity Ratio	1.90	2.38	-20%	
viii)	Trade Receivables Turnover Ratio	3.22	2.46	31%	Improved efficiencies in collections from customers could help in maintaining similar average receivables in current year in line with previous year, though there is an improvement in Revenue
ix)	Net Capital Turnover Ratio	3.96	3.94	0%	
x)	Return on Capital Employed	0.11	0.03	249%	Improvement in profitability while reducing the debt, resulted in improved ratio

## Note

	2021-22	2020-21
i		
Current Assets (A)	14,283.86	13,816.60
